End of Life Planning: Preparing for Death | Reader's Digest

People usually die in hospitals rather than at home and soon after death, their bodies are taken to funeral homes, where we usually have to make an appointment to see them. But one thing I have consistently found in my research as a psychologist is that surviving an encounter with death - or even just seriously contemplating death - can have a powerful positive effect.

Why contemplating death can help you live a happier life ...

After you die, this is the person who handles your estate (all of your property), finances, debts, and everything else. It should go without saying this is a person you would trust to handle your...
