### Flathead Ford Parts USED - Red's Vintage Parts

The Ford flathead V8 (often called simply the Ford flathead, flathead Ford, or flatty when the context is implicit, such as in hot-rodding) is a V8 engine with a flat cylinder head designed by the Ford Motor Company and built by Ford and various licensees. During the engine's first decade of production, when overhead-valve engines were used by only a small minority of makes, it was usually ...

### The Ultimate Source Guide for Flathead Ford V8 Performance

The Flathead was the first independently designed and built V8 engine produced by the Ford Motor Company for mass production and ranks as one of the company's most important developments. Before the 1932 introduction of this engine (and the accompanying Ford V-8 automobile), almost all production cars aimed at the average consumer used straight-4 and straight-6 engines.
