IEEE Editorial Style Manual (Online)

IEEE Style uses a notational method of referencing when referring to a source of information within the text of a document. In its simplest form a citation is given in the text, consisting of a number enclosed by square brackets: The full details of the source are given in a numerical reference list at the end of the document:

IEEE Citation Style Guide Any citation style is set up to give the reader immediate information about sources cited in the text. In IEEE citations, the references should be numbered and appear in the order they appear in the text. When referring to a reference in the text of the document, put the number of the reference in square brackets. Eg: [1]

IEEE Citation Style Guide - IJSSST

The reference list is numbered, and follows the same order as they are cited in-text (i.e. in order of appearance, not alphabetical order). Further information can be found in IEEE's Documentation Style resource, and the IEEE Reference Guide. In-Text Citations: Sources are numbered in the order in which they are first cited in the text.

IEEE - Citing and referencing - Library guides at Monash ...

IEEE is a numbered referencing style, where citations are provided as a bracketed number in the text (i.e. "as demonstrated in [1]"), which corresponds to a numbered reference list at the end of the document. The reference list is therefore arranged in the order that works are cited in the text, not in alphabetical order.

IEEE citation style guide | Citations and referencing ...

IEEE citation style includes in-text citations, numbered in square brackets, which refer to the full citation listed in the reference list at the end of the paper. The reference list is organized numerically, not alphabetically. For examples, see the IEEE Editorial Style Manual .

IEEE Style - Citation Styles: APA, MLA, Chicago, Turabian ...

For example, the format of adding references as per the APA style guide might be different from the IEEE style guide. However, the general style while adding references through EndNote is as follows:Author - If there are one or more author names associated with the specific page or article you are citing, all of them need to be mentioned.
