Jacuzzi Manuals, User Guides and Hot Tub Instructions ...

Since your hot tub pump circulates the warm water as well as the sanitizer, a general rule is to follow manufacturer recommendations or leave the pump on for a minimum of eight hours per day. Make sure to allow the safety settings to shut it off automatically as needed, so the water is always at the perfect temperature for a soak.

Basic Pool or Spa Plumbing Systems. To understand the basic plumbing system of a pool or spa, you must follow the path of the water. The water from the pool or spa, not both at the same time, enters the equipment system through a main drain on the floor, through a surface skimmer, or through a combination of both main drain and skimmer. It travels to a three-port valve (if there is no spa ...
