### **Math / Number Talks**

We give dot card number talks to all groups we work with: students, teachers, Stanford undergraduates, ad-ministrators, superintendents, and more. We use them to celebrate the fact that we all see maths differently, even a set of dots. Dot card number talks are a really nice way to start a new class and value the many ways we see mathematics.

### **Dot Card Number Talk**

Number Talk Images. There's a saying that a picture is worth 1000 words. I have never really tested that theory, however a picture in math class can generate plenty of discussion. (see my post on watermelons). These are simply pictures that can generate a mathematical discussion. They can be used for estimation purposes.
