Pag Oil Application Chart

Likewise, an application that specifies a thinner oil to minimize friction and drag may not receive adequate lubrication if a thicker viscosity oil is used. Because the various PAG oils all have different viscosities, it is virtually IMPOSSIBLE to have a single oil formulation with the same viscosity characteristics as the original PAG 46, PAG 100 or PAG 150.

How To Add PAG Oil Into An AC System Understanding AC System Lubricants Adding A/C Compressor refrigerant oil to your Car OR Truck!

Pag Oil Application Chart - queenofinquiry.com

PAG Oil Applications and Benefits. Because of the properties that make up PAG lubricants, they are uniquely suited for a number of industrial and manufacturing applications. Their water solubility allows for easy clean-up of equipment. PAG lubricants offer high viscosity indexes, and are shear stable.

Polyalkylene Glycol Synthetic PAG Oil Explained

If your vehicle was originally charged with R12 refrigerant, for example, the oil type specified, 'mineral', will not apply. Additionally, General Motors issues Bulletin # 02-01-39-004B replacing PAG 150 oil with a lower viscosity oil. Thus, TechChoice now indicates PAG 46 (P46D) oil for those vehicles. Acura Audi BMW Buick Cadillac

Find your vehicle's refrigerant or oil capacity ...

PAG is a synthetic oil for AC compressor. Besides knowing how much PAG oil to add to AC system, you also have to use the correct viscosity oil. Each PAG oil type has a number such as PAG150 or PAG VC-46. This number refers to the PAG viscosity, similar to a number like 10W30 indicates the viscosity of a regular engine oil.

You are correct POE oil is best if there is a chance that residual mineral oil from R12 is present. POE is both miscible (mixable) with mineral oil and a superior lubricant to PAG. That said people do make PAG work with R12 conversions. Toyota uses Dens Oil 8 which is equivalent to PAG 46 I believe but most every shop just uses PAG 100.

It is acceptable to use any existing inventory of the previously released R-1234yf PAG oils provided that it is the correct oil part number for the specific A/C system. If using a previously released, non-universal oil, always refer to Service Information to ensure the correct refrigerant oil is being used.

New Universal Refrigerant PAG Oil for R-1234yf A/C Systems ...

Technicians should be using R-1234yf PAG oil, as R-1234yf is slightly flammable and the oils contain additional additives to create a moisture resistant environment in mobile A/C systems. Technicians must be trained and certified by an EPA approved program to manage the new refrigerant. You cannot retrofit or “top off” R-134a with R-1234yf
