### **Still Pitying The Fool Why**

When it comes to science, we're conditioned to be defeatists. We're taught to accept what's written, even if it's pure fiction. This book divulges the inconsistencies that some may have questioned, but were too afraid to voice. Still Pitying the Fool is the result of more than 11 years of work and study, and brings with it a fresh approach.

When I look at the science we believe today, I am still laughing. The world of science needs a major overhaul, and I have done just that in this book. In my new book, Still Pitying the Fool Why Scientists Are Frauds—The Truth About Our World, I expose the most accepted theories in the scientific realm for what they are—wrong. I challenge conventional wisdom on subjects ranging from Astronomy to Physics, and I support my contradictions with illustrative evidence.

Now fool pitying has returned to its African-American roots, albeit still without the sense of righteous contempt that Mr. T would soon come to embody. Fool-Pitying Enters the Modern Era Sylvester Stallone's script for Rocky III (1982) represents the synthesis of many of the previous forms of fool-pitying that we discussed before.

Mark 7:34. ἀναβλέψας, ἐστέναξε: Jesus looked up in prayer, and sighed or groaned in sympathy. In this case a number of acts, bodily and mental, are specified. Were these peculiar to it, or do we here get a glimpse into Christ's modus operandi in many unrecorded cases? On the latter view one can understand the exhausting nature of the healing ministry.

I probably come off as condescending, which isn't very nice I know, but still, I pity the fool who spends all their money on things they don't need (or want, once they get home). I am thinking that this was me two years ago, and I wish that others too would wake up. I wish I had woken up earlier.

You don't need all that stuff, it won't make you happy!

### **I pity the fool | dreamsinslowmo**

Consider Mr. T. He's been pitying fools since the early 80's, and the world is still awash in foolishness. It's too bad, because the message is an important one. The general adoption of unit testing is one of the most fundamental advances in software development in the last 5 to 7 years.

### **I Pity The Fool Who Doesn't Write Unit Tests**

Living in sin is fun for a fool. It's not wise to desire their company because they will lead you down a dark path. Fools rush into danger without wise preparation and thinking about the consequences. Scripture keeps people from being foolish, but sadly fools despise the Word of God.
