The text of Territorial Ambitions is accompanied by a series of striking black and white photographs of Versailles and several other French gardens taken by Becky Cohen, a freelance artist ...

Gardens of Versailles Had Political and Military Purposes

In her major new book, Chandra Mukerji highlights the connections between the two seemingly disparate activities of engineering and garden design. She shows how, at Versailles in particular, the royal park showcased French skills in using nature and art to design a distinctively French landscape and create a naturalized political territoriality.

This article examines the effect of cartography on the development of the modern state system. I argue that new mapping technologies in early modern Europe changed how actors thought about political space, organization, and authority, thus shaping the creation of sovereign states and international relations.

Mapping the Sovereign State: Technology, Authority, and ...

President Xi Jinping put up a staunch defence of the ruling Communist Party, saying the country has witnessed "earth-shaking changes" under its leadership, amid strident criticism especially ...
