While modern books are born digital, books old enough to be in the public domain may never have seen a computer. Google has been scanning books from public libraries and other sources for several years. That means you've got access to an entire library of classic literature that you can read on the computer or on a variety of mobile devices and eBook readers.

This Craft Of Verse Jorge

"This Craft Of Verse" is a little book composed of a series of short lectures Jorge Luis Borges gave at Harvard University in the fall of 1967. Taken together, they can be read as a series of love letters to poems, novels, histories and philosophies, as well as to all the men and women who wrote to make sense of life and, in doing so, gave pleasure.
